Sweet forgiveness, my redemption
You're a savior once for all and today
Oh the mercy comes to flood me
Jesus on the cross, You took my place

And now I'm chasing after You
Cuz You first chased after me
And You purchased me with blood
I am free I am complete
Now a child of my King
Leaving old I am made new
Cuz You first chased after me
And I am chasing after You

Sweet forgiveness, my redemption
You're a savior once for all and today
Oh the mercy comes to flood me
Jesus on the cross, You took my place

And now I'm chasing after You
Cuz You first chased after me
And You purchased me with blood
I am free I am complete
Now a child of my King
Leaving old I am made new
Cuz You first chased after me
And I am chasing after You

And I've found my love, I've found my love
And my heart is dancing
I've found my love, I've found my love
And my heart is dancing

And now I'm chasing after You
Cuz You first chased after me
And You purchased me with blood
I am free I am complete
Now a child of my King
Leaving old I am made new
Cuz You first chased after me
And I am chasing after You

And now I'm chasing after You
Cuz You first chased after me
And You purchased me with blood
I am free I am complete
Now a child of my King
Leaving old I am made new
Cuz You first chased after me
And I am chasing after You

Jesus, Jesus, I am chasing after You
Jesus, Jesus, I am chasing after You
Jesus, Jesus, I am chasing after You
Jesus, Jesus, I am chasing after You

I am chasing after You
I am chasing after You
I am chasing after You
