Hallelujah from the heavens
Hallelujah in the heights above the Earth
Hallelujah all His angels
Hallelujah for the last will be first

Let everything that has breath praise the Lord
Let everything that has breath praise the Lord

Hallelujah in the morning
Hallelujah for the beauty of His scars
Hallelujah in the twilight
Hallelujah sun and moon and shining stars

Let everything (let everything) that has breath praise
the Lord
Let everything (let everything) that has breath praise
the Lord

When the night seems so long (you can sing a new
song)
You can sing a new song (when you're weak He is
strong)
When you're weak He is strong
He can heal your wounded soul
And calm the storm inside

For all your times of laughter
And every hopeful prayer
When the world weighs on your shoulders
Through sorrow and despair

With everything (with everything) with every breath
praise the Lord
Let everything (let everything) let every breath praise
the Lord
Let everything that has breath praise the Lord
Let everything that has breath praise the Lord

Let everything that has breath praise the Lord
Let everything that has breath praise the Lord

When the night seems so long (throw your hands to the sky)
You can sing a new song (wipe the tears from your eyes)
When you're weak He is strong
He can heal your wounded soul
And calm the storm inside
