Britney

Christina Aguilera is nobody

Eminem is just freak to let it be

Pink has no escape of frigidity

Cause the best is only Britney

Chorus:

She's so fantastic, sometimes so energetic

Someway she's bombastic, between every lunatic

She's a type of freely hot! Just let it shows what she's got

No matter how this world round, so clear to hear how it sounds

Mr. J has no great responsibility

Doesn't like a man supposed to be

Can't find the love pure honesty

But now everything's on my Britney

Perfectly she followed her own way

Make it all good through this day

This world is now truly hers

Mr. J can't speak any word

Eminem can't hold his mouth well

Miss Christ just like a nasty cell

Avril is too obviously jealous

But Britney is still pretty tremendous

(Back to Chorus)

She's grown up through this popularity

Find the woman inside her maturity

Now she's lookin' that pretty happy

Let's rock this worldâ€¦ Hey Britney!!!

(Back to Chorus)

Baby One More Time hits number one

Oops! I Did It Again give her crown

Britneyâ€¦ increase her popularity

In The Zoneâ€¦ so mature but honesty

(Back to Chorus)
