Perfect Man

Ask me to buy you a diamond

Is this thing that you use to learned

Ask me to buy you so much gold

For every hug and every hold

Ask me to be kind of perfect

Ask me to be kind of perfect

Never touched everything but black

Ask me to be that romantic

Oh girl! What a nasty trick

Chorus:

I'm not your perfect man

'Cause I'm only nobody

And I'm not your perfect man

Can't give you all perfectly

Sun won't shining through on your days

While you never stop this game you play

Someway I try to give it all for you

But somehow you'd love to see me falling through

Don't matter how I beg your love

But you said everything is not enough

Now I should have to realize
That I won't have this love perfectly nice
(Back to Chorus)
Don't ever back on my days
Don't tell me how I take everyway
Don't try to give me all the pain
Or runnin' me through every vain
I just wanna runaway from this place
Change everytime I've been wasted
Never look back to those lonely past
I'm tiredâ€¦ now I just wanna rest
Oh babeâ€¦ I'm not your perfect man
No I'm only nobody (just nobody)
Oh girlâ€¦ I'm not your perfect man
Oh noâ€¦ no I can't give it perfectly
I'm not your perfect man
Can't give you it honesty
I wouldn't be a perfect man
I'm just an ordinary
