Put the Blame on Me

Chorus:

Put the blame on meâ€¦

'Cause I was wrong this time

Put the blame on meâ€¦

'Cause I was really blind

I'm on you and always by your side

But somehow human made a mistake

And somehow I'm so out of sight

On every way I used to take

Now I still wish that you were here

And found you will here... so near

So close to tell that I'm so guilty

And sorry to let you so lonely

(Back to Chorus)

I don't ever wanna looseâ€¦ you

I'd try to make your wish come true

But girl what I am supposed to do

When the sun is not gonna shining through

(Back to Chorus)

Oh I'm sorry that I can't see it well

And everything I could never tell
Every soul I always try to sell
And sent you to this lonely hell
I never meant to be like that
I never meant to give this black
I never meant to give this pain
I just wanna this love breathe again
(Back to Chorus)
Ohâ€¦ put the blame on me
But now I really sorry
Really really sorry
