Friends like you i don't need  
friends like you i'd rather watch bleed  
the pain you've caused the wrong you've done  
one thing i know is that your time will come  
i got a feeling there is no ending  
so hear this message that i'm sending  
i try to forget the past it's done,  
the battle's over but the war  
has yet begun  
the war has yet begun  
you're the disease and im the cure  
so put your money on me  
there's no teeling what i may do  
it's so plain to see  
we laughed togheter,we stood totheter,  
we were almost one  
then that fatal day you changed on me,  
now the war has begun  
i take a look in your eyes,i don't like what i see  
you lived your life as a fake and  
i'm as real as can be  
i lived my life and faced my own realities  
you lived your life of pure fantasy  
once was a time i thought that you were my friend  
live your life like a bitch,you'll be alone till the end  
this shit is over done,your future won't change  
but i'll be happy when i piss on you're grave  
this is as real as it gets,when i piss on youre grave  
this is as real as it gets,when i piss on youre grave  
your grave,grave,grave,grave,grave!  
as real as it gets

Here i stand just a man alone  
in this world i do the best i can  
i don't know why i was lead down this path  
maybe to see if i can withstand  
you leave my mind left with twisted thoughts,  
a cure for this can not be bought  
your end of days is in sight  
so be prepared to meet my might  
stand on my feet i won't fall to my knees  
i'll be this way for as long as i breath

no fear in my heart i won't let it start  
let me tell you something i won't fall apart  
look into my eyes can you see the pain  
do you understand it's you i want to maim?  
ready to explode as the insanity builds  
raging like a wild man  
this time i'll get my fill
