Might not be fax machine

But I got a little bit of paper
Miseur Coko with my 40 ounce
Let's make a boilin' makah
My thing a majid be straight up on swoll
Like I'm fresh outa the pin
Wearin a uniform, standin at attention
Perkin on some of that ruby red grapefruit juice, gin
and must I mention
It leans to the side like the Ifle tower nice and naughty
Nigga talkin' about; who the hell he think he is Ron high
tower or some damn body
I ain't no slippin' in your talkin playboys partner's
limpin'
After the club you can me and my doods in the parking
lot sasquash pimpin'
Ballin' tactics, up outa the yeh all damn day
What's up with matrees, let display my survey
We can kinda like take our time and do some ole' nice
and slow
About two and half hours of romantic business or we
can hurry up and do some speedy Gonzalas
Betta get your rock off before your daddy get home in
20 minutes
Smell me on this one, sneakin' out of windows
Hopin' over backyard fences of the hendges is he
feezy fozy reezy
Tryin' to spit came at Taj and Lelee, SWV

(Chorus)

(Breakdown)

(I wanna keep it long and love you slow)
(My baby boy you bring me so much joy)
So much joy yeah, ooh
(I'm gonna make it right)
(Make your night, my baby boy, I know you will enjoy)
I know you will enjoy, come on, come on

(Chorus)

Repeat Until Fade...
