[Lil' Kim]

Say what?  
Check it out  
Pop corks with the best of them, style on the rest of  
them  
All because I threw my breast to them  
Now they zest and caressin' them, Kim neva stressin'  
them  
Six figures, bet I'm pressin' them  
This goes out to my thoroughbreds  
Real dogs while ya halfway cats play the back  
If ya gizzat, like dizzat  
Ask Mark Morrison, it's Return Of The mizzack

[Taj]

I don't wanna hear it  
All the things you said to me  
About the way you do me  
About the way you make me scream  
Words could never put it  
Those are just a waste of time  
So hit me with your best shot  
I wonder can you blow my mind  
Bridge:

No need to make me feel like I want a Casanova  
(you got to satisfy me)  
So baby what's the deal, 'cause I'm curious  
About the baby

Chorus:

I wanna know it, baby  
You got to show it boy  
Give it up!  
Don't talk about it  
Give it up!  
Just do it boy  
Never believin' baby  
Til I can see it boy  
Give it up!  
You got me thinkin'  
Give it up!  
Your just pretending

[Taj]  
Honey I've been waiting  
And I'm not waiting anymore  
All the anticipating  
So baby won't you close the door  
Enough hesitating  
So why don't you try change your mind  
'cause I've been waiting long boy  
We gonna have a real good time

Bridge:

Chorus:

[Lil' Kim]

When I met ya, I swore that I would never forget ya  
Scared thinkin' I won't let ya  
Lick my back up and sniff my crack up  
Then I slacked up, you know niggaz can act up  
Before they get the booty, then I stay like Tootie  
Usually I, know the truthfully I  
Don't mind if you wanna get a little Into Me like SWV  
Stop frontin', can we do a little sumthin'  
Word to my man Max, push the fifth track in the Bently  
Watch me, go dat gently, but simply  
Ya'll men be, Wasting My Time like Mona Lisa, put that  
on my Visa  
Make you sit calm like Monesha, talking greasy but I  
talk greasier  
So Tim man slide so you can make it fit a little easier  
Chorus:
