No matter how hard we try we all fall down  
This time i'll take my chances, i've got to fight for mine  
These lessons i needed to learn that, all knowledge  
comes with time  
No matter how hard we try we all fall down  
No matter how hard we try sometimes our feet cant  
touch the ground  
Always a constant battle to make sure my voice is  
heard  
I'll continue to live out my dream passing onto the next  
my word  
Ready to take by force, no matter whats my course  
I'm on a one way trip to the end, one way trip  
Never let no one walk all over me, never let my feelings  
subside  
Be careful not to let my guard down, 2 faces come in  
any disguise  
No matter how hard we try we all fall down  
No matter how hard we try sometimes our feet can't  
touch the ground  
Always a constant battle to make sure my voice is  
heard  
I'll continue to live out my dream passing onto the next  
my word  
Ready to take by force, no matter whats my course  
I'm on a one way trip to the end, one way trip  
Ready to take by force, no matter whats my course  
I'm on a one way trip to the end, one way trip to the end  
Won't let it end
