I wanna be there for you  
Will you be there for me  
That's what I'm here for  
That's what I live for  
That's what I give for  
I wanna be there for you will you be there for me, for  
me

(Verse)

You should know by now how I feel  
That my love is real  
Feels secure knowing  
You've got my heart in away  
I can never stray  
But now people talk  
They say our love won't last (love won't last)  
They say my love for you  
Soon it will (past)  
But you should no for sure  
I will never leave, you're all the man I need  
I hope you see

(Chorus)

That's what I'm here for  
Giving you all of my love  
That's what I live for  
To be the only one you dream of  
That's what I give for  
All that I have  
I wanna be there for you will you be there for me, for  
me

(Verse)

I'll be here to give you what you need  
You can count on me - baby  
Feels secure knowing  
You've got my heart in a way  
I can never stray  
But now people talk  
They say our love won't last (love won't last)  
They say my love for you

Soon it will (past)  
But you should no for sure  
I will never leave, you're all the man I need  
You can believe

(Chorus)

(Cape)  
That's what  
That's what  
That's what  
That's what  
That's what  
That's what  
(I wanna be there for you)  
(Will you be there for me - for me)

(Rap)  
Ya so moist  
Plus you got the platinum voice  
And you fine smelling like 360 Divine  
You blow my mind away  
Tonight and forever like diamonds al right  
We tight like that  
Stress time for chillin'  
Times is short good and part  
Cause you know you're my dime  
The top illin'  
They jealous cause me you styles killin'  
Aint nothin' happenin' with that breakdown talk  
We can walk the walk and keep it real  
Like New York I'm sold up, you word up uh  
If we just show'em I'll blow'em twice  
And we'll just keep flowin' like Chardone'  
On ice as we lounge in the crib and parle'  
You know what I mean  
Not to mention your lover supreme  
Move's truly with throughout the evening  
I'm here no question as long as I'm peepin' Illtown

Repeat Chorus Until Fade.....
