(Chorus)

Think you're gonna like it (think you're gonna like it)
Sure you're gonna like it (sure you're gonna like it, boy)
Think you're gonna like it (think you're gonna like it)
Sure you're gonna like it (sure you're gonna like it, boy)

(Verse 1

Walked in a crowded room, I saw no one else but you
I got something on my mind
Come real close and you will find
What's going on? Let's do this right
Make love tonight
I got something that I think you'll like

Chorus)

(Verse 2)

Boy any part of me
Is a vasicle of life
I can't find the words to say that
You are so fine
So, tell me what's going on (on)
Let's do this right
Make love tonight (tonight)
I got something that I think you'll like

(Chorus 2x)

[Ad-lib During Chorus]

Heeeeeey, I think you will
I know you're gonna like it, baby
You're gonna want it, you're gonna need it
You're gonna want this thing again and again, yeah
I know you're gonna like it
Ain't no doubt about it you will, yeah
I'm sure you will
Baby, you'll like it, you'll need it
I got it, you need it, I know you're gonna like it, boy
Don't you like it, don't you need it
Think you're gonna like it
