Can't Stop thinking about the things you do..

Wanting you...

Chorus

You're always on my mind 4x

Verse 1

(Coko)

Boy I can't seem to get you out of my head

But there's something about you that makes me smile

Don't change I like the way you make me feel

Can we take our time and do this for awhile... yeah

(Brian Morgan)

Girl, I never thought I would find someone to love me

Now you're the only one I want in my life

And the special touch you give comes from you only

I guess that's why you always on my mind

Chorus

Verse 2

(Coko)

Sometimes I find it hard to concentrate

Because thoughts of us together fill my head

When you're away it's hard to sleep at night

So my pillow like my thoughts of you, I hold tight

(Brian Morgan)

Girl, I never thought I'd find someone to love me

Now you're the only one I want in my life

And the special touch you give comes from you only

I guess that's why you always on my mind

Chorus

Bridge

Thinkin' about ya, thinkin' about ya, I can't stop thinkin'
about ya

(on my mind)

4x

Chorus to fade
