I wouldn't mind if you stepped on my feet
I wouldn't mind if I fell on concrete
I wouldn't mind if you knocked out my teeth
I wouldn't mind if the sky fell down

I wouldn't mind if my bike got stolen
I wouldn't mind I would give it to them
I wouldn't mind if you took my money
I wouldn't mind if the sky fell down

But I can't take that you're hating me still
There is no excuse for what I did
Now I beg you to please forgive me
I can't go on with my life
If we can't talk and sort things out
Tell me there is something I can do
To make it up to you

Bad karma is haunting me
When I'm awake and while asleep
Wake up in sweaty sheets
I wouldn't mind if the sky fell down

No I can't take this any longer
My curse is growing even stronger
What I did can not be undone
What I did was a hit & run

But I can't take that you're hating me still
There is no excuse for what I did
Now I beg you to please forgive me
I can't go on with my life
If we can't talk and sort things out
Tell me there is something I can do
To make it up to you

Look at you, you are the one that made it through
And look at me, I am a failure to everyone I meet.
But we were younger, I was another person then
My friend, I got nothing more to say to my defense

But I can't take that you're hating me still
There is no excuse for what I did
Now I beg you to please forgive me
I can't go on with my life
If we can't talk and sort things out
Tell me there is something I can do
To make it up to you
