It's an idea someday  
In my tears, my dreams  
Don't you want to see her proof?  
Life that comes of no harm  
You and I, you and I and dominoes  
The day goes by

You and I in place  
Wasting time on dominoes  
A day so dark, so warm  
Life that comes of no harm  
You and I and dominoes  
Time goes by

Fireworks and heat someday  
Hold a shell, a stick or play  
Overheard a lark today, losing when my mind's astray  
Don't you want to know with your pretty hair?  
Stretch out your hand  
Glad feel in an echo for your way

It's an idea someday  
In my tears, my dreams  
Don't you want to see her proof?  
Life that comes of no harm  
You and I and dominoes  
The day goes by
