Bring me to life so they said
wake me up cuz im not dead
but i am alone and its hurting me inside
i cannot see so they said
baby just wake me up cuz im not dead
but i am alone and its killing me inside

its only a dream baby, why can't you see me
if love you love me, then say that you do
its only a dream baby, why can't you see me
open your eyes, its only a dream
cuz baby, im not dead

i'll live forever so they said
now were lying here in your bed
say you'll never leave me, baby
but your tearing me up inside
you past so they said
but im still lying here in your bed
and every night i wake to your voice
and its eating me up inside

its only a dream baby, why cant you see me
if you love me, then say that you do
its only a dream baby, why cant you see me
open your eyes, its only a dream
cuz baby, im not dead

ho yeah yeah yeah yeah yeah yeah
i love you so they said
how you can you leave me i said i do
your killing me, just trying to burry me...inside
oh woe woe woe

its only a dream baby, why cant you see me
if you love me, then say that you do
its only a dream, yeah its only a dream

its only a dream baby, why cant you see me
if you love me then, say that you do
its only a dream baby, why cant you see me

open your eyes, its only a dream
cuz baby, im not dead

10 years past so they said
and baby, im still lying here, in your bed
