The lie is in my face
I feel the cold embrace
The unexpected friend

hold his arms around me 'til know i'm never gonna be
the same again
hold his arms around me 'til I can never turn it back
again

But I'm free to follow ever single rule
and I'm free to be everybody's fool
I'm free to be sad
I'm free to feel bad
and I'm free to fall apart

Sometimes I might regret
I never will forget
it's a scar in my face

Instead I show you that I'm never gonna be the same
again
instead I show you on and on and on and on and back
again

But I'm free to follow ever single rule
and I'm free to be everybody's fool
I'm free to be sad
I'm free to feel bad
and I'm free to fall apart

But I'm free to follow ever single rule
and I'm free to be everybody's fool
I'm free to be sad
I'm free to feel bad
and I'm free to fall apart
