There will be shoulders pressing in the hall
And I won't know if you're here at all
There will be wine and drinking in the yard
There won't be anybody very hard

There will be lots of things that we can do
And all and more will be for you
Everything I knew I tried it with you
But everything to you was never easy

So I went ahead around my world
I saw the things you do, arriving by your side
To see you looking too
But I know this, I know, I never lied to you

It's been just like you're gone
For just one day, for so long
It's been so hard to bear with you, not there
But though I think of you

The things you do, when I'm with you
To be with you
To be alone, can only think
Why I am here? What's meant to be?
