unrath by Elisa Waut

ich

ich

ich bin ich

und du

du bist du

und zusammen

das können wir nicht machen

zusammen

das geht nicht

zusammen

das geht nicht

nicht

nicht

alles was ich hat war mein leben

alles was ich hat war ein freund

du warst mein leben

du warst mein freund

my english is better than my German

so I say let's trade

love me love me

I love you

but you say no

and I say go

I think ill

and you are dead

dead

dead

everything I had was my life

everything I had was you

there was always unrath

and you were always you

you

and now

I wish you were here

but you are there

far away

and I don't think you can come back
your little soul has flown away
and forever
forever
I'm here to stay

na nana nananana nana
na nana nanana
na nana nanana
na nana nanana

everything I had was my life
everything I had was you
there was always unrath
and you were always you

and you are nothing
nothing
me everyday

na nana nananana nana
na nana nanana
na nana nanana
na nana nanana
