Oh baby don't you break now, in this town  
It's only 24 hours till I'm out  
And I'm down on the ground on the way to your  
doorstep  
Well if your down then I'm down  
We're gonna tear shit up in this town  
It's a shame that the plane were I'm caged doesn't  
go any faster

You've got the chance it's in your eyes  
I see it, I see it  
You've got the chance to make this right  
I need it, I need it

You've got the suicide smile and a look in your eyes  
that says you were on fire  
And I'm burning up inside  
If you were a lie I'd believe you in no time  
Maybe were crazy but all we know

Baby you were on fire, you desire  
You're every word that means lust  
I can't lie you're just like the pill that I take to make  
everything heartless  
And you've got the chance it's in your eyes  
I see it, I see it

Well if you're down then I'm down  
We're gonna tear shit up in this town  
It's a shame that the plane were I'm caged doesn't  
go any faster

You've got the chance it's in your eyes  
I see it, I see it  
You've got the chance to make this right  
I need it I need it  
And I think you should know

You've got the suicide smile and a look in your eyes  
that says you were on fire  
And I'm burning up inside  
If you were a lie I'd believe you in no time

Maybe were crazy but all we know [x2]

Don't say it. I'm desperately waiting  
Don't say it. I'm desperately waiting

It's okay you're afraid of the way everyone wants to  
befriend you  
It's the same and it constantly haunts me  
'Cause it's not for sale, you wanna count backwards  
from ten [x3]

You've got the suicide smile and a look in your eyes  
that says you are on fire  
And I'm burning up inside  
If you were a lie I'd believe you in no time  
Maybe were crazy  
You've got the suicide smile and a look in your eyes  
that says you are on fire  
And I'm burning up inside  
If you were a lie I'd believe you in no time  
Maybe were crazy but all we know
