When you're forced to take a chance you turn around,
you turn around
And when you're backs against the fence then this my
friend will be the sound
Funny how you're struggling end is coming out, it's
coming out.
So when you're forced to take a chance you my
friend, you will go down

Well it rings out and there's no reaction
So just say what you want, and I'll swear that is
happened
'Cause if anything, I'm everything you wanted me to
always be
We could make it

Holding your breath, taking a chance
Hoping for something good to come from this
Because in the end, you're left with nothing but regret

When you're forced to take a chance you turn around,
you turn around
And when the chorus rings again then this my friend
will be the sound
Funny how your ugly trends are coming out, they're
coming out
So when you're forced to take a stand then this my
friend will be the sound

Well it rings out and there's no reaction
So just say what you want, and I'll swear that is
happened
'Cause if anything, I'm everything you wanted me to
always be
We could make it

Holding your breath, taking a chance
Hoping for something good to come from this
Because in the end, you're left with nothing but regret

And you think you're so smart, you're stuck in a
moment so far from the start

And you think you're so smart, you're stuck in a
moment so far from the start
So I'll go, so I'll go
There are some things that I'll never know
So I'll go, so I'll go
There are some things that I'll never know

Holding your breath, taking a chance
Hoping for something good to come from this
Because in the end, you're left with nothing but tears
of regret
Head in your hands, wishing that time could rewind
Looking back wont move you forward now
