Well I crept up the pavement all covered in blood
And I knew what the wave meant, it started this flood
My inability to socialize is breaking in two
And now I finally realize I'm coming unglued

So I'm letting you know, though you're not listening
I'm letting you go, look to the northern sky
I'll be there the rest of tonight, forever and all of your
life
I'll be there the rest of tonight, so sleep tight

I've lost a lot of faith in people all around me
'cause everybody's fake, It's always so astounding
I'm constantly afraid of giving more than I need to
someone who I crave
When all they do is blind me

So I'm letting you know, though you're not listening
I'm letting you go, look to the northern sky
I'll be there the rest of tonight, forever and all of your
life
I'll be there the rest of tonight
We try!
I'll be there the rest of tonight, forever and all of your
life
I'll be there the rest of tonight, so sleep tight

1, 2, 3... [x3]

We're giving chills and
Just act like it's alright
To think that I'm always feeling fine
So sit down and take a chance now
You are the time

I can't forget your face all the things
That were erased and it hurts so bad, still I try

I'll be there the rest of tonight
Forever and all of your life
I'll be there the rest of tonight
We try!

I'll be there the rest of tonight
Forever and all of your life
I'll be there the rest of tonight [x2]
