"When We Were Safe"

We'll I've seen a thousand faces in my dreams all
lined in rows beckoning to
come back home
Why these faces haunt me I will never know
Oh my god, I think that I might explode
In this world I hardly know, it's got me thinking that
I'll never get back home
If we are dead.

Don't give up if your feet stop moving
Don't give up if your dreams say to stay
When we were safe...
Don't give up if your feet stop moving
Don't give up if your heart says it's free

Well I'm oh so superstitious, and I finally think you
know
That we all can't live forever and we'll probably die
alone
So what's the point?
Oh my god I think that I might explode
In this world I hardly know, it's got me thinking that
I'll never get back home
If we are dead

Don't give up if your feet stop moving
Don't give up if your dreams say to stay
When we were safe...
Don't give up if your feet stop moving
Don't give up if your heart says it's free

If I lose face and up grace for those
With no patience left to save our foes
There's nothing left to beat it
My energy's depleting [x4]

Don't give up if your feet stop moving
Don't give up if your dreams say to stay
When we were safe...
Don't give up if your feet stop moving
Don't give up if your heart says it's free [x2]
