Well I was over you I moved on with my life
I've been fooling myself, oh yeah
I gotta let go memories and ties
But didn't want no one else, no, no
But it took back when I saw you with that girl
Trying to figure out why you're in my world
Was it a case of jealousy taking over me no
Cause I still love you and it's driving me crazy

Love never dies, love never dies, no
Love never dies, love never dies, no
Takes on another existence, or rise shame
Love never dies, never dies, no

You know ,from you gave away all your flowers
And now I'm feeling lone, so lone
Cause I've seen you with somebody new, looking so
empowered
I heard that it shows
But it took me back when I saw you with that girl
Trying to figure out why you're in my world
Was it a case of jealousy taking over me no
Cause I still love you and it's driving me crazy

Love never dies, love never dies, no
Love never dies, love never dies, no
Takes on another existence, or rise shame
Love never dies, never dies, no

And don't walk away feeling that I shouted
Look a pain in my eyes, oh yeah
It's too late when I realized that you really matter, oh
living a lie
But it took back when I saw you with that girl
Trying to figure out why you're in my world
Was it a case of jealousy taking over me no
Cause I still love you and it's driving me crazy

Love never dies, love never dies, no
Love never dies, love never dies, no
Takes on another existence, or rise shame

Love never dies, never dies, no
Love never dies, love never dies, no
Love never dies, love never dies, no
Takes on another existence, or rise shame
Love never dies, never dies, no.
