It's been a week since you left
I feel like I lost my head
I never thought I will be hopeless
Don't know what to do with myself
Tried everything but it's been hell
Not having you around
I am tired of sleeping
I am tired of eating
Cause I can't enjoy it on my own
I am tired of waiting and anticipating
Only end up here alone

Chorus

I know you are thinking of me too
Display by all these postcards postcards
Nothing I can hold on to and I
It ain't right cause all compared to you
When I am holding these postcards

Should see my eyes when I wipe
The .. into me
I swear I hear your voice so clearly
But when I put .. down it's like I never heard a sound
And it's playing with my heart
Cause I am tired of acting
I know that reacting
I am not apt to play this role
I am tired of wishing for something that's missing
Only end up here alone

Chorus

Sometimes I wanna throw them away
Cause it just get in the way
Lately feels complicated getting me aggravate it
By the times I hold them close they're the only thing I
know
How much time I .. to get these postcards

Chorus

Thanks to feel
