Baby it's cold outside
Out here in the rain
It sure looks warm inside
Through the window pane
I've been knock, knock, knocking on your front door
I've been waiting all night and you know what for
It's a cold outside
Let me come on in

Hey, what's that blue tick hound doing in my chair
You better throw that dog a bone
Just get him the hell out of there
I been a walk, walk, walking since a quarter to four
I'm gonna keep on talking til you open that door
It's a cold outside
Let me come on in

Chorus:
Let's get a little loving in the oven
Sugar pie in the pan
I know what you've been cooking baby
And I'm a hungry man

I been a coming 'round nearly every night
But you keep that door
You keep it locked up tight
Now tell me why, why must you incest
You keep on depriving me of what I can't resist
It's a cold outside
Let me come on in

Chorus:
Let's get a little loving in the oven
Sugar pie in the pan
I know what you've been cooking baby
I'm a hungry man

Well your kiss is what I miss
A little love making after dark
Just slide the chain off this old door
That's keeping us apart

If I did you wrong
Baby let me make it right
Or let me say I'm sorry
For the rest of my life
Or we could talk, talk, talk about it all night long
or you could open this door and let me see what's
wrong
It's a cold outside
Let me come on in

Baby it's cold outside
Let me come on in
Baby's its a c-c-cold outside
Let me come on in

It's so cold baby
