The first time I looked into your eyes I knew  
That I would do anything for you  
The first time you touched my face  
I felt what I never felt with anyone else  
I want to give you back what you've given to me  
And I want to make all your dreams come true  
Now that you've shown me who I really am  
I want to be more to you than just a man

Chorus:

I want to be the wind that fills your sails  
And be the hand that lifts your veil  
And be the moon that moves your tide  
And watch the sun come up in our eyes  
Be the wheel that never rust  
And be the spark that lights you up  
All that you've been dreaming of and more  
And so much more  
I want to be your everything  
Baby I love you

When you wake up  
I'll be the first thing that you see  
And when it get's dark  
You can reach out to me  
I charish your words and I charish your thoughts  
And I'll be your compass baby when you get lost

Chorus:

I want to be the wind that fills your sails  
And be the hand that lifts your veil  
And be the moon that moves your tide  
While watching the sun come up in each other's eyes  
And be the wheel that never rust  
And be the spark that lights you up  
All that you've been dreaming of and more  
So much more  
Babe, I want to be your everything

Baby let me be the wind that fills your sails  
Let me be the hand that lifts you veil

I'll be the moon that moves your tide  
And watch the sun come up in our eyes  
And be that wheel that never rust  
And be the spark that lights you up  
All that you've been dreaming of and more  
So much more  
I want to be your everything  
I want to be your everything  
Baby, I want to be your everything

I Love you Jen!
