She said you never tell me
That you love me anymore
So I can't help but wonder if you do
She said if things don't change, you'll see me
Walk right out that door
Cause I've done everything I know to do
I said, I don't know just what it is
You want from me
She said I only want us back
The way we used to be
Then she said

Chorus:
Kiss me, kiss me, kiss me
Hold me, hold me
Like you want me
Like you'll never let me go
She said show me, show me
That you really love me
And then tell me
Cause I really need to know
She said, kiss me, kiss me, kiss me

I got down on my knees right there
And I promised her I'd change
Cause deep inside
I knew that she was right
I said I know we've drifted
And there's only me to blame
But I don't want to waste another night
Then somewhere in the darkness
There we found a brand new start
As I took every word she whispered strait to heart
She said

Chorus:
Kiss me, kiss me, kiss me
Hold me, hold me
Like you want me
Like you'll never let me go
She said show me, show me

That you really love me
And then tell me
Cause I really need to know
She said kiss me, kiss me, kiss me

Kiss me baby
