I'm tired of working everyday for a dollar
About to choke on my own blue dollar
This ain't gonna last
Misled by the grand illusion
I've come to this conclusion
I can't make a move to fast
It was written in the sky today
By the morning sun,
It sure looks like a good day to run

Chorus:

Wide open down a two-lane highway
It's about time that some things went my way
Throwing troubles out to the wind and
I'm praying that they never catch up again
I'm gonna say my worrying days are done
And this looks like a good day to run

My baby's been working as a cashier
She didn't get a vacation this past year
Now it won't be long
We don't need no destination
Just a tank of gas and a good clear station
Playing our favorite songs
There're some places that we ain't been
Some things that we ain't done
And it sure looks like a good day to run

Chorus:

Wide open down a two-lane highway
It's about time that some things went my way
I'm throwing troubles out to the wind and
I'm praying that they never catch up again
I'm gonna say my worrying days are done
And this looks like a good day to run

Yeah, I'm gonna say my worrying days are done
And this looks like a good day to run
Good day to run
A good day to run
We've got a good day

Good day to run
