You moved into my old apartment
That's how we got this whole thing started
You called and said that I had mail
It was waiting there for me
I told you that I'd come and get it
How could I know in just a minute
That I'd be standing face to face
With my own destiny

Oh now we sat there talking
Just like we were old friends
Oh then I asked you
Can I see you again
And...

Chorus:
You said Yes
I said Wow
You said when
And I said how about right now
Love can't wait
Then I asked if you believed in fate
Then you said Yes

The days flew by just like a fast train
And nothing else has been on my brain
Except the thought of how you make me
The man I wanna be

You're the one I want for a million reasons
Loving you is just like breathing
It's easy and it's obvious
That you were made for me

Oh then it happed one night
While looking in your bright eyes
Oh when I popped the question
Much to my surprise

Chorus:
You said Yes

I said Wow
You said when
And I said how about right now
Love can't wait
Then I asked if you believed in fate
Then you said Yes

So we called a preacher
Family and friends
And nothing's been the same since...

Chorus:
You said Yes
I said Wow
You said when
I said how about right now
Love can't wait
Then I asked if you believed in fate
Then you said Yes

Baby you said Yes
I'm glad that you said Yes
