I'm seeing you tomorrow
The sky prepares for greater things
I'm seeing you tomorrow
And all I need to take is me
I'm seeing you tomorrow
And nothing else is on my mind, no
I'm seeing you tomorrow
I hope I don't cross over any lines

'cause I do not know
Oh, if I could stop myself
I don't know
If I could bring myself to let you know
That I cannot wait to be near you
Because you bring me back to life

Oh, and I'm flying
Under and over, without wings
And I can feel you
Under and over, rescuing me
So I will be trying
Under and over, for all that I'm worth
I know that I need you
Under and over, to change my world

Well I'm seeing you tomorrow
And nothing on Earth will get in the way, no no...
I'm seeing you tomorrow
I'll hang on to every word that you say, that you say

And I do not know
Oh, if I could stop myself
I don't know
If I could bring myself to let you know
That I cannot wait to be near you
Because you bring me back to life

Oh, and I'm flying
Under and over, without wings
And I can feel you
Under and over, rescuing me

So I will be trying
Under and over, for all that I'm worth
And I know that I need you
Under and over, to change my world

I'm seeing you tomorrow
Now everything's slowing down, down, down...
I'm seeing you tomorrow
My feet refuse to touch the ground
