2 million voices, can you hear 2 million voices
2 million voices, can u hear 2 million voices
2 million voices! 2 million voices shout at the street

can u hear the cry theres no retreat
look at there mouths there open wide
shout for an answer trying to survive

2 million voices, can u hear 2 million voices
2 million voices, can u hear 2 million voices
2 million voices!

we'll never give up
no need to surrender
we wanna work for a future
give us a chance we wanna life
never to return at dawn!
