You give me love and no limits  
You fill me up when I need it  
You bring me joy, show me peace, bring the best out of  
me  
Pick me up when I fall and stand beside me

You make me happy, you set me free  
You take the lonely out of me  
I'm in true love finally  
And it's so fine, it's so fine

When you do what you do  
You pull through everything I need  
And it's you that I see in my life  
You're the air I breathe

When you do what you do  
I can fly across the widest seas  
So just do what you do  
'Cause it's true that you're all of me

All of me, all of me  
All of me, all of me

You make me whole when I'm broken  
And when I'm closed, you stay open  
Now I see what you mean when you say you're here to  
stay  
'Cause you love constantly and I thank you

You make me happy, you set me free  
You take the lonely out of me  
I'm in true love finally  
And it's so fine, it's so fine

When you do what you do  
You pull through everything I need  
And it's you that I see in my life  
You're the air I breathe

When you do what you do  
I can fly across the widest seas

So just do what you do  
'Cause it's true that you're all of me

When you do what you do  
You pull through everything I need  
And it's you that I see in my life  
You're the air I breathe

When you do what you do  
I can fly across the widest seas  
So just do what you do  
'Cause it's true that you're all of me

When you do what you do  
You pull through everything I need  
And it's you that I see in my life  
You're the air I breathe

When you do what you do  
I can fly across the widest seas  
So just do what you do  
'Cause it's true that you're all of me
