[Verse 1]

Listen

How do I live without you *[echo]*

And every day that I open my eyes and turn to my side

Gotta smile deep inside

Cause the one who was there was you

And how do I focus at work *[echo]*

Everytime my cell phone rings or a pager beeps

I'm so nervous so anxious but hoping the caller is you

And how am I s'pose to get sleep *[echo]*

When every night that I lay down my head in my bed

you ain't there with your arms wrapped around me

holding me all nite through

And how could this be fair *[echo]*

When I gave you all of my love all my time every dime

after spending still

you could walk out the door to explore

[Chorus]

Another relationship

Is that what this is about

Another relationship

That you would leave your own house

For Another relationship

Was that the straw that broke the camels back

Another relationship another relationship

Baby tell me whats up with that

What does she have on me

What does she do that is so damn good that would

make you give up

all the love all the trust and the stuff that you built with

me

Does she know my name

Did you ever tell her that she was taking and breaking

the bond that we strengthened

through blood sweat and tears over the years

Boy you dont hear me

And has she met your son

Or maybe your mother and father your sister 2 brothers

and all of your cousins your uncle who loves and still

call me

And how could this be

Tell me whats better than storming the weather and
staying together with the one you love
and have a history

[Chorus]

Another relationship
How could you do this to us is that what this is about
Another relationship
How could you leave your own house
Another relationship
Was that the straw that broke the camels back
Another relationship Another relationship
(Baby tell me whats up with that)
(Tell me)

[Bridge]

I thought that we were so happy (I thought we were)
(So Happy baby)
How could you leave so easily
Is she worth all that baby
Ohhhhhhhhhhhhhhhhhhh

[Chorus 2]

Another relationship
Ohhhh how could you baby
Another relationship
Sacrificed our happy life
For Another relationship
And this wasnt what you promised me
Another relationship Another relationship
You said you would love me love me love me forever
baby
Another relationship
So how come I wasnt good enough, oh
Another relationship
I know all relationships get tough, oh
For Another relationship
How could you do this to me
Another relationship Another relationship
Ohhh we're suppose to be building a family
Another relationship
Ohhh why why God did you leave
Another relationship
So so so so easily
Another relationship
And what da hell do I do now
Another relationship Another relationship
When
....I'm carrying your child

Oh Oh
Oooo
