Verse 1:

Its been about 7 days now
And I already
Feel a certain kind of way
Feels like I'm ready
Feels like I've known you all my whole life
But is it wrong to wanna go all the way
Yeah

Hook:

Now would that put my reputation on the line
Is it too soon for me to speak my mind
No we're not in high school anymore
And maybe its okay to explore

Chorus:

Baby I don't know you
Maybe I don't want to
Maybe I just want to put my hands all on you
But does that make me a bad person
Maybe you don't know me
I know you don't love me
Maybe its ok if we only share this one thing
That does not mean that I'm a bad person

Verse 2:

Now we're alone
What do we do now
And if I kissed you
Would you shy away
I want you baby
Does that make you see me in a whole new light
Can you look at me and say you don't feel the same
Yeah

Repeat Hook

Repeat Chorus

Bridge:

Maybe we should forget others

Take that chance and go in head first
Drown ourselves in shameless fake love
What's the worst to happen to us

Repeat Chorus
