And If you've ever been in love  
I wanna hear you sing it as loud as you can, sing

Suddenly, I'm not afraid to try and love someone  
Suddenly, I feel like my heart can open up  
And suddenly, I'm thinkin' maybe you could be the one  
Finally I think it might be right to fall in love

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Think I finally found that guy

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Cupid, I think I'm ready, ready to fall in love

I've been up and down so many times in love  
And thought it all, still I think, I've never really known  
true love  
But this time it could very well be a possibility  
Finally, hopefully, you won't let me down this time, oh  
no

Suddenly, I'm not afraid to try and love someone  
Suddenly, I feel like my heart can open up  
And suddenly, I'm thinkin' maybe you could be the one  
Finally I think it might be right to fall in love

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Think I finally found that guy

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Cupid, I think I'm ready, ready to fall in love

He could be the man of my eternity, I don't know  
If the future has him here with me

But I do know that the way he makes me feel is so  
lovely  
Mentally, spiritually, he completes me  
Cupid please come closer to me

Suddenly, I'm not afraid to try and love someone  
Suddenly, I feel like my heart can open up  
And suddenly, I'm thinkin' maybe you could be the one  
Finally I think it might be right to fall in love

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Think I finally found that guy

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Cupid, I think I'm ready, ready to fall in love

We should be able to love the way that warrior's love,  
no fear  
Though we both went through pain like the story of  
thugs  
And cold year was '03  
You got to know you, I got to know me  
Now, we can both go free and fly higher than the Sears  
Tower

Everybody got baggage though we cleared ours  
No more tear showers, I'm in your ear hours  
Singin' in unison with Luther Howard  
Love there [incomprehensible]  
And the now take a-lot for me to get aroused

Gotta be more than what's in them jeans and in the  
blouse  
Queen, you're more than a face that's in a crowd from  
Chicago  
So you know I'm tracin' ya style  
I stay in the clouds and love pure way of a child

Maybe one day, we'll be patient the [incomprehensible]  
Sayin' our vows  
Now Cupid's shootin' takin' a bow  
You never knew love we makin' it now

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Think I finally found that guy

So fly on, fly high  
Come on cupid hit a bulls-eye  
Please don't let me down this time  
Cupid, I think I'm ready, ready to fall in love
