My heart doesn't understand what's going on
I can't believe tha your gone
I though the love we had was strong
And now I still dream about the love I used to know
Why did you have to let it go
When you know I love you so

[Chorus:]

Baby, baby, baby I can't get you out of my mind
This pain won't let me stop crying over you, over you
And lately, lately, lately I though about wanting to die
Without your love living's a lie I can't live without you
Can't get over you baby

My love I guess wasn't good to you
You walked away leaving me blue
After all you put me through
And even though, even though
You were unfaithful and untrue
I don't know what I'm going to do
I'm still in love with you

[Chorus II:]

Baby, baby, baby I can't get you out of my mind
Can't get you out of my mind
This pain won't let me stop crying over you

Oh it hurts so bad
And lately, lately, lately I though about wanting to die
Without your love living's a lie
Without you I can't live on
Can't get over you, can't get over you

Baby, why'd you have to leave me
I tried to make you happy the best way I knew how
But I guess that just wasn't good enough for you
I thought you needed me how could you leave me?

[Chorus III:]

Baby, baby, baby I can't get you out of my mind
This pain won't let me stop crying
Please stop this pain I'm feeling over you

Lately, lately, lately I've been having strange feelings
About wanting to die
I can't live without you
Without your love living's a lie
I can't get over you, I try & try
Can't get over you, can't live without you baby
I need you by my side
Can't get over you, comeback to me:
