I step up in the spot and all the heads turn  
pull up in the green apple beema  
ya boy so hot the club might burn  
fresh tennis suit walkin' with 'Leena like brass knuckles  
on my fist aint it mane  
like sun shinin' on my wrist aint it mane  
like a pimp with a twist, hypnotic with the criss fuck with  
models with the hips whats the name?  
canary yellow ice came with the chain  
just like money, cars and clothes came with the fame  
just like big pimpin y'all drew all this hoes just like  
thats why im in the club poppin all these bottles tonight

*[Syleena (Verse 1)]*

Boy, you got that crazy magic formula  
And I can't shake it babe  
Just wanna drink it babe  
And I stay hungry for your love  
You keep me wanting "beef"  
Wanna eat it up  
Tell me what

*[B-Section]*

(What is this)  
(That's so addictive) That's so addictive that I  
Lose control  
It feels so good  
I had to ask a question  
(What is this)  
(That's got me feenin) Got me fiending, yeah  
Can't seem to let go  
Oh, baby your love is so

*[Chorus]*

Hypnotic, hypnotic, hypnotic, hypnotic, so hypnotic  
Your love is so

*[repeat]*

*[Verse 2:]*

Can't seem to run, can't seem to hide  
Your love keeps finding me  
It's that chemistry between us  
Ooh, boy you are all I focus on  
I'm loving every moment  
So why'd you had to go on and blow my mind

*[B-section]*

*[Chorus]*

*[Fabolous]*

young money on the flo'  
connection to the Chi  
what it is!

I roll through the block and the roof be low and the 22's  
couldnt be cleaner  
they start yellin' out F-A-B-O  
its the young boy with Syleena  
they lookin with a flash light  
in the daytime coz the cash right and the words may  
rhyme  
some say i'm  
the real talk of the city of New York  
its the Diddy in the walk and the smooth in my style  
groove with a smile 'till they prove in the trail  
that i move with the cow 40 that is shorty is his when  
she see's how icy the automo' is the game is  
hypnotic summin' like the blue drink you see me on the  
hood frontin' with the blue mink stuntin' with the  
new link ya like how  
i do's what i do's and i have 'em like Wow!

*[Bridge]*

(You're my medicine) Oh, you take the pain away  
And bring me healing, boy  
(And you bring me so much joy)  
(Feeling)  
Whenever you come near me  
I just cannot help myself  
Because your love is so

*[Chorus / Adlib]*
