Syleena:

Met him on a Sunday (I met...)
Oh, it was first day of the rest of my life, ohh
(Haven't been the same, since you called my name,
everything has changed)
Made me bloom just like a flower
Since the first time we took a shower
Made love for hours (ohh)(Make love)
And I could feel the power of your love

(B-Section)

Anthony:

Girl, how it's truly deep (Girl, I'll be true to thee)
As long as your lovin me, givin you the best of me
Lovin you is my destiny
I always put you first Always
(I always put you first)

Syleena:

(You do) And I'll never walk away
(Never walk away) Cause you give me more than
anything
And in my heart
You'll always have a place
Baby boy, I'm here to stay
Cause I am your woman

Chorus:

More than anything (More than you think)
More than a diamond ring with a stone in pink
(A mid-back or full-length mink)
You mean more than those things
More than the air I breathe (more)
More than the food I eat (more)
More than the shoes on my feet (more)
Oh, you are-- more than to me (Boy you are)

Anthony:

The moment that I saw you (From the
Knew I was crazy for you
The look in your eyes

Falling in love, can't wait to change to rain (wait to

Boy, you're like the sun rays
Shining down on a special day
Like sand to a beach
The sweet to a peach
You make my heart beat-
Change me from Miss to Mrs.
Granted all my wishes, you're More.....

Adlibs together

Chorus out

Adlib (together)More than a friend becomes a lover (3
