verse 1:

hey baby how your day?  
was out around your way  
was hoping i could see ya  
got something to give ya  
though maybe we could catch a matenay  
sit in the 69th row and act invisible

hook:

i really need your love  
fuill me up into your cup(can i hook up wit you)  
page me baby when your through  
tryna hook up wit you

verse2:

uh listen uh  
we can meet at the park really late  
after dark. and have an escapade in your new escalade  
We'll take a trip down, down and chill by the lake  
and skinny dip in the water while i let you get me hotter
