I know it's hard to let it hurt when it hurts
I know it's hard to let it go when it's gone
I know it's hard just to stay, when all you want to do is
runaway
I know it's hard to let it hurt, but it can only hurt so long

Well, now the truth may be hard to swallow
And the way, they say, is straight and narrow
But if you're like me, well then, you'd agree,
It's hard just to let yourself hurt

The things that haunt me
Are the things that I don't let myself see,
If I wander blind, I'm scared all the time
It's hard just to let yourself hurt

But if I can sit still, if I can be calm
If I can hum a tune or make up a little song
Then I feel the sting, let the pain rush in
It will was me and let me start again

I know it's hard to let it hurt when it hurts
I know it's hard to let it go when it's gone
I know it's hard just to stay, when all you want to do is
runaway
I know it's hard to let it hurt, but it can only hurt so long
