"Love Song"

Visit "[Love Song](#)" on MotoLyrics.com

There are a lot of beautiful love songs
Everyone can relate to
It's like they tell you a story
About all that's happening to you

*Bridge:

So why would it be so difficult?
To say what I feel for you?
Baby just believe me
It's the hardest thing to do

**Chorus:

Because you stole my heart
From a place I didn't know
I can't catch my breath
Never letting go
Without you in my life
Wouldn't mean a thing
Only emptiness inside
No love song to sing

All the feelings and emotions
We sing along every day
That wonderful feeling inside
Putting it possible on replay

*Bridge

**Chorus x3
