Ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh
Ooh ooh ooh ooh ooh

The first day I met you
I knew right away
This was my lucky day
No one else makes me feel like you do
Boy, you captured my heart
Spoiled me right from the start

And your smile was so sweet
And your eyes were aimed straight at me
(I believe in love at first sight)
When I looked at you, the damage was done
Boy, you're the permanent one

I need you
I want you
Got to have you for my very own
I need you
I want you
Got to have you for my very own
(ah ah ah ah)

I don't know what to do
'Cause without you I feel
Love could never be real
You make me feel brand new
Oh, my love is so strong
I could never be wrong

When I look in your eyes
(ooh ooh ooh ooh ooh ooh ooh)
And see that it's no surprise
(I finally realized)
That love would never let me go
By now you got to know

I need you

I want you
Got to have you for my very own
I need you
I want you
Got to have you for my very own

(ooh ooh ooh ooh ooh) got to have you
(ooh ooh ooh ooh ooh)
(ooh ooh ooh ooh ooh) got to have you
(ooh ooh ooh ooh ooh)

I need you
I want you
Got to have you for my very own
(I need you) I said I need you
(I want you) said I want you
(Got to have you) for my very own
(I need you) you make me feel brand new
(I want you)
(Got to have you) for my very own
(I need you) I knew right away
(I want you) this was my lucky day
(Got to have you) for my very own
Got to have you for my very own
