Intro:

Uh...Passion, feel the Passion baby, yeah
Ooh, that Passion

Verse 1:

I got shivers down my spine
Just like I been drinkin' wine all night
Didn't know just what it is
I couldn't put my finger on it right

Hook:

Oooh but I feel in one love and out the other
(I couldn't do a thing about it)
I fell in One Love and Out The Other
(Ooh the night I fell for you)
All that Passion, feel the passion baby, yeah
Ooooh the passion...

Verse 2:

I couldn't wiggle off the hook
Just one look was all it took I was gone
You were present She was past,
She was first but you were last so long, baby-
I tell ya

Hook 2:

I fell in one love and out the other
(Ooh the devil made me do it now)
I fell in one love and out the other
(Girl the night I fell for you-oh that's right.. oww!!!)
