Ba ba da doo da da  
Ba ba da doo da da

I may sometimes think I'm right when I am wrong  
But if the good always the bad, you go along  
I really feel you on the meaning of this song  
Girl, you understand what each love going on

That's why I love you  
I need you  
I wanna go through love changes  
With you, girl (love you, need you)  
Love changes with you

If you see a couple lasting through the years  
You can bet they had make time to shed the tears  
When a kiss that means so much when you're down  
That's when you realize what true love you have found

Girl, I love you  
I need you  
I wanna go through love changes with you, girl  
(Love you, need you)  
Love changes with you (love you, need you)  
I wanna go through love changes  
With you, girl  
Love changes with you, ooh, ooh

There'll be good times  
There'll be bad  
But if we love each other  
We got to make it last  
(Ba ba da doo da da) oh yeah  
(Ba ba da doo da da) going through love changes,  
baby  
(Ba ba da doo da da)

That's why I love you  
I need you  
I wanna go through love changes  
With you, girl (love you, need you)

Love changes with you (love you, need you)  
I wanna go through love changes  
Changes with you (you girl)  
Love changes with you (love you, need you)  
I wanna go through love changes  
With you, babe (love you, need you)  
I'm loving you (love changes with you)  
(Love you, need you)  
I wanna go through love changes
