You return from your trip, very tired
You slept as I unpack your suitcase
Found a letter
At trust in me but never received

And the words you wrote were filled with such pain
(Oh, how you struggle to explain)
Why you believe our feelings changed
You never really say
Whether it's too late

(P.S.) the unfinished letter
Gave me a second chance
(P.S.) the unfinished letter
Put our love back in my hands
(P.S.) the unfinished letter

Fate has led me to this matter
So I must face the truth
And somehow make things better
I never wanted pain in our lives

This letter's helped me so much to see
(All of the things I've failed to be)
Why was it never sent to me?
Baby, if you're not sure
Leave it incomplete

(P.S.) the unfinished letter
Gave me a second chance
(P.S.) the unfinished letter
Put our love back in my hands
(P.S.) the unfinished letter
Will bring us back together for love, ooh

(P.S.) the unfinished letter
Gave us a second chance at love
This time I'll make it better
'Cause I never giving up, no, no, baby
Now I understand why you didn't show me
You weren't too sure about leaving me

Were you, baby?
(P.S.) the unfinished letter
Will keep you and I together
Ooh ooh, baby, we'll be together
(P.S.) the unfinished letter
(P.S.) ooh ooh, never complete the letter
