"What's It All About"

Visit "[What's It All About](#)" on MotoLyrics.com

I can't stand you leaving me for no reason
And I don't understand what rude or season
You're putting me through
Girl, it just won't do

What's it all about? (what's it all about)
Tell me (ooh ooh, oh-oh-oh-oh)
What's it all about? (what's it all about)
Tell me (ooh ooh, oh-oh-oh-oh)

Loving you, my dear, has been a dream to me
And dreams can sometimes be turn into reality
I got memories for days to cling to
But nothing is better than the real thing
I got feelings for you, girl, and you know I do
You got to let go anything you wanna know
Just bring your troubles to me
The way it used to be

What's it all about? (what's it all about)
Tell me (ooh ooh, oh-oh-oh-oh)
What's it all about? (what's it all about)
Tell me (ooh ooh)

Don't leave me, girl
Don't leave me, girl
Don't leave me, girl (tell me)
Got to, got to, got to, got to, got to tell me (tell me)
What's it all about, girl? (tell me)
You gotta just tell me, girl (what's it all about)
What's it all about?
You gots to tell me, girl, girl
What's it all about, what's it all about, all about?
(What's it all about)
Tell me, tell me girl, ooh
(What's it all about)
