"Away We Drift"

Visit "[Away We Drift](#)" on MotoLyrics.com

Distant lights as distance grows.
Do I make ground?
You are night as I am warm.
Do I lay down?

On and on and on away we drift.
On and on and on away we drift.

Innocence is where you follow.
Innocence is where you follow.

I believe the curves we kiss,
all the way down.
Build cities while you rest.
Will I break ground?

On and on and on away we drift.
On and on and on away we drift.

Innocence is where you follow.
Innocence is where you follow.

Do I try? Do I fall?
Do I try? Do I...

Innocence is where you follow.
Innocence is where you follow.

Do I try? Do I...
Do I try? Do I...

Promises, timed within.
Interlock and exit quick.

Do you wait all the night?
