"Winners"

I keep my eyes up; count the hours until your
headlights dress the doorway
Of another late night you spend lying with your subtle
glances
Only to make me believe that you dont take me for
granted.
Bury my Heart along with every letter that I ever sent to
you
Dont make the mistake of leaving before you make the
mistake of saying goodbye.
I keep my eyes down; count the seconds until your
bags are packed at the doorway
And the only thing I want you to remember now is how I
dont take you for granted.
Dont you understand by the way my words rolled off
my lips and into your ears?
It was never supposed to end like this but it always
does.
Lie to me like you love me
Lie with me like you love me
