DANCE (DISCO HEAT)

Sylvester

Near disco dawn

Boogie crowds the floor

Rockin' all the way

Hot 'til break of day

Since midnight's fall I've been in a sweat

Groovin' steppin' high

Prancin' side to side

Crowds all round

Rhythm's tight and drivin'

Disco sound takes me higher

Dancin's total freedom

Be yourself and choose your feelin'

Come on get up I wanna see ya swingin' swayin'

Fancy slidin'glidin' rockin' reelin'

come on get up ev'rybody dance

Cookin' on my feet in the disco heat

Hustlin' through the night

Mornin' light shines on me again

Music takes me dance dance

Rhythm's tight and drivin' high, high, higher
Get on the hook
'Cause dancin's total freedom
Be yourself and choose your feelin'
Come on get up I wanna see ya swingin' swayin'
Move groove slidin' glidin' rockin' reelin'
Come on get up ev'rybody dance, dance, dance
Swing it sway it
Come on and use your feelin'
Slidin' glidin'
Heqrt and soul together
Movin' groovin' we can dance forever
Rockin' reelin'
Come on get up ev'ryody dance
Come on and dance with me
In the disco heat
