I've been working hard these days
I go in early, come home late
Trying to get over you
But I keep thinking more of you

My friends say that I'll forget
[Incomprehensible] that's a losing bet
If I could just turn love to hate
Maybe then I could escape

Anytime, anyplace
In someone else's eyes I still see your face
Anyplace, anytime
Anywhere I am you're on my mind

You'll always be a memory
That time can never re-arrange
Anytime, anytime, anyplace

Every night when I get home
It's just another TV dinner alone
With thoughts of you inside my head
I fall into my lonely bed

Then I turn the radio on
Ah but every DJ plays our song
And I'll just lie there restlessly
Wishing you were next to me

Anytime, anyplace
In someone else's eyes I still see your face
Anyplace, anytime
Anywhere I am you're on my mind

You'll always be a memory
That time can never re-arrange
Anytime, anytime, anyplace

Anytime, anyplace
In someone else's eyes I still see your face
Anyplace, anytime
Anywhere I am you're on my mind

Anytime, anyplace
In someone else's eyes I still see your face
Anyplace
